

From the Desk of Angela Manuel

A message from our President and CEO:

Mannatech Set For Amazing 2016

I am so excited about 2016 and am grateful for all of the wonderful blessings we received in 2015. I hope you are as pumped up for what the new year has in store for us as I am. In 2015, we all put forth tremendous effort to improve ourselves and prepared to make 2016 the best year ever for Mannatech.

If you haven't had a chance to see what we've been up to trying to build a "new" Mannatech, please go to www.allaboutmannatech.com, and you can get all the information about the major initiatives that will change the face of Mannatech forever.

If you haven't heard, let me bring you up to speed on what efforts are being undertaken to create a "new" Mannatech. We are planning to introduce:

- **Products:** A set of new consumer-friendly products that will appeal to a wider audience
- **Back Office Technology:** MyMannatech.com – a new industry-leading back office system that will help you manage your business
- **Branding:** A brand update that will give you a compelling message and look-and-feel that will help you tell the Mannatech story in a simple and effective way

We revealed these initiatives at the Presidential Summit earlier this month, so the top leaders in Mannatech have witnessed our efforts to provide you with tools to help you build your business. I would encourage you to reach out to your Presidential Directors who attended the Summit event to find out what they saw and how these changes will help you make a difference.

We are set to unveil all of the new programs at MannaFestSM 2016 in Dallas, Texas. If you haven't already, be sure to register so you will see first-hand what we have in store for 2016. This is a can't-miss event, and if you want to be a part of the movement to make Mannatech the number one global health and wellness brand, you need to come to MannaFest 2016.

We are making huge strides, and by the second quarter of 2016, there will be an entirely new Mannatech. From top to bottom, we are reshaping the company to be more competitive by modernizing substantial core functions. This will enable you to use your entrepreneurial spirit to help grow your business and propel Mannatech forward. We are committed to creating tools and supporting you so you can build a safe, long-term business. With these new changes coming, Mannatech will be the place to be for network marketers and customers seeking wellness solutions!

We had a great 2015, and I look forward to an amazing 2016. We are building a company that will help us all make the world a better place.

Thank you and God bless.

Alfredo "Al" Bala
President and CEO
Mannatech Inc.

Summit 2016

"We were honoured to attend the 2016 Presidential Summit and we have to say without question it was the BEST Summit ever. The events were exceptional starting with the Welcome Reception by the ocean all the way to the Black Tie Presidential Dinner. We are so excited about the new branding, the tools, the Executive Team. We were spoiled beyond belief with gifts and events; we even had a submarine ride. You could feel the energy and enthusiasm from both Corporate and the field. There is no doubt that 2016 will be our best year ever."

-Amanda and Paul Latreille

"Summit 2016 was a solid event featuring an abundance of new things. The Presidentials saw tons of new information that will be revealed at this year's Global MannaFest. I'm anxious to get my hands on the new products and there will be surprises that will thrust your business forward. The insight we got from the "back office" was a world class technology upgrade that is user friendly that helps us grow better, stronger, faster. In my opinion, this was the most amazing Summit that I've ever attended.

The changes that are coming, make this year's MannaFest 2016, the hottest ticket on the planet. If you want to grow your business and groom your team, be sure to have as many of your team and new people at MannaFest in April. This is an event that you can't afford to miss. Go and grow. Follow your leaders, and see you there!"

- May Yin & David Lee

"The Summit was absolutely fabulous. It was so exciting to see recognition for 28 new Presidentials; it was such an encouragement to see the enthusiasm and the growth that is occurring! We were also excited about the new changes in Corporate, from the new team to the changes that are coming! We got a taste of the changes, from the new front office coming, to the new branding and new corporate changes. You have to be at MannaFest, this is a MannaFest that cannot be missed! We all need it to see the changes and catch the wave that is going to propel our businesses!"

- John & Jean Prater

Summit 2016

"The 2016 Presidential Summit was VERY encouraging and the only thing that could have made it better is having more of you there with us to enjoy it! Make it your goal to join us, sooner rather than later. We Presidentials are your cheerleaders, trailblazers and supporters!

As always, we were treated like royalty in one of the most beautiful resorts on the island of Maui, the Fairmont Kea Lani, where we all enjoyed full size suites and our personal lanai blessed us with a view of the mountains and ocean as well as the sunrises AND sunsets every day! We were spoiled with nice gifts in our room, almost daily, an excursion of our choice, from whale watching, submarine rides, sunset cruises, farm tours, to snorkel trips...just to name a few. The prepaid credit card for \$250 to spend on whatever we chose was MUCH appreciated!

We learned that our future with Mannatech, is VERY bright, starting with the NEW branding (including our labeling, however, our lips are sealed until you can see it for yourself at MannaFest!) It's SOOOOO important that you make MannaFest a priority this year and I look forward to seeing you there!

We are opening two countries this year; Colombia which is the gateway to S. America which is wonderful, however, it's the opening of Mannatech's China's ecommerce model that has us all extremely excited! The way we can benefit from it, is going to be so much easier than ways we've done business in the past, so take advantage of it and come to MannaFest to learn all about it.

I'm also happy to see such a strong corporate team and it has been expanded to support us in reaching our goals as successful business builders and taking Mannatech to it's rightful place as a billion dollar company!

If you are serious about improving your world and THE world at the same time...I look forward to seeing you at MannaFest and at a Presidential Summit very soon!"

Wellness and Product Training with Dr. Nugent

We were fortunate to have Dr. Nugent speak at 5 events in January and attendees were impressed and inspired by his knowledge and passion. Thanks to all the leaders who helped make these events so successful.
