

LOYALTY PROGRAM SUMMARY

We've Doubled Your Rewards for Being on Automatic Order!

Start getting \$1 back in credits for every \$5 you spend on Auto Order.

Here's some really good news for you:

We've found a way to reward you even more for your commitment! It's called the Mannatech Loyalty Program, and it's your ticket to earning a **20% credit** on every Automatic Order you place.

WE'VE DOUBLED YOUR REWARDS!

So What's the Mannatech Loyalty Program?

With every purchase you make on Automatic Order, you'll earn Loyalty Points that can be used to receive free product. The Loyalty Points you earn will equal 20% of your order. You can redeem your Loyalty Points after you initially generate an Automatic Order three business periods in a row and then every consecutive business period thereafter. At that time, your Loyalty Points can be used to redeem free product!

Here's How It Works: Let's say you place an Auto Order for \$100 for three Business Periods in a row.

You can now redeem those points for \$60 worth of free product (like NutriVerus™ powder).

Pick a product you already love, or try a new one. It's up to you – you've earned it!

Twice as Nice as Before

On the old Auto Order plan, you would have saved \$10 on each \$100 order, or \$30 total.

With the new Loyalty Program, you'll earn \$60 worth of Loyalty Points!
