

## LOYALTY PROGRAM FREE PRODUCT PROMO

# Your Free Product is Waiting!

*Receive a free canister of NutriVerus™ powder just for enrolling into the new Loyalty Program.\**

Some details apply; see below.

Even though the idea of doubling your rewards for staying on Automatic Order is pretty exciting in and of itself, we're going overboard with our appreciation for your Automatic Orders through August 30th (end of BP9).

### Here's the deal:

Anyone in the United States or Canada who enrolls into the new Loyalty Program between July 6th and August 30th, 2013, will receive a FREE canister of NutriVerus powder. Just for doing what you were probably going to do anyway (place an Auto Order), you get one of our top-selling products that combines all of our core technologies ... **FOR FREE!**

Some people have automatically been transitioned into the new Loyalty Program already. Others have the choice of making the transition or staying on the old Auto Order program.

### \*Here are the details:

You've already been enrolled into the Loyalty Program if ...

- You earned your Team Bonus or higher in BP6. If that's you, then your free NutriVerus powder should be in your BP8 Automatic Order. Thanks!
- You generated an auto order in BP7 but did not have an auto order template in place as of July 6, 2013. If that's you, and you generate an auto order in BP8, then you'll receive your free NutriVerus in your BP9 order.

**If that's NOT you and you had an Auto Order generated in BP7, then you have a choice:**

You can stay on your current Auto Order discount program (10% off), or enroll in the new Loyalty Program (20% credits). If you choose to enroll into the new program by BP9 (through August 30th), you'll receive a FREE canister of NutriVerus powder on your next order (by BP10), just for signing up!

(NOTE: free NutriVerus product promo is available ONLY to those people who started with Mannatech before July 6th, 2013, and also placed an Auto Order in BP7. If you're new with Mannatech, be sure to start your Automatic Orders ASAP so you can start earning your credits right away.)
