

Mannatech's Digestive Support products are designed to support intestinal health. Because **70% of your immune system is located in your digestive tract**, a healthy digestive system is important to optimal health.

Our MannaCLEANSE caplets are designed to help the body's lower digestive tract by:

Supporting the natural ecology of the intestines.

Supporting the body's abilities to fully **break down food particles and expel unused or unneeded material.**

Combining **natural fibres, herbs, fatty acids and probiotics** that provide a healthy environment for the intestinal tract.

Supplying oat bran, psyllium and plant cellulose to help **recover substances from the colon.**

Supplying herbs like ginger root, rosemary and peppermint thought to have a **calming effect** on the intestinal tract.

Furnishing the intestinal tract with **classic Ambrotose complex**, fatty acids, digestive enzymes and beneficial microflora.

For Intestinal Health Support

The MannaCLEANSE caplets support a healthy environment for the intestinal tract. Each ingredient was carefully selected for its beneficial function(s) supporting colon health.

Our MannaCLEANSE caplets are a proprietary blend of fibres, botanicals, enzymes, probiotics and sources of fatty acids designed to promote proper colon ecology and function and support intestinal health.

Take MannaCLEANSE caplets with a full glass of water between meals to achieve maximum benefit and effectiveness.
