

# Help Keep your Heart and Bones Strong

With an Amazing Nutrient Combination

U.S. product shown.

Adding omega-3 to your diet can contribute to a **balance of immune functions** that help keep you healthy. With the addition of vitamin D, it's the perfect complement for **optimized bone, brain and heart health.**

While **eating certain fish can provide omega-3 fatty acids**, the truth is, not many of us consume the correct number of servings to benefit from them. Since it's difficult to get the **omega-3s and vitamin D** you need, we made a **supplement that provides both.**

Break barriers with our omega-3 and vitamin D<sub>3</sub> supplement today!

### Benefits:

- Helps support cardiovascular and heart health.\*
- Helps support brain health and function.\*
- Supports calcium absorption.\*
- Has a subtle lemon flavor added to help you avoid those fishy burps.
- Two capsules provide 830 IU of vitamin D<sub>3</sub>, a natural and preferred form of vitamin D.

## FUN FACT

**Omega-3** fatty acids are essential because the body can't produce them! The only way to get them is from diet or supplements.
