

**Nutrition the Way Your Body Wants It**

Our bodies were designed to receive nutrients from nature. Unfortunately, the average person isn't getting much of their nutrition this way. If you are seeking better nutrition and questioning the quality of today's food choices and synthetic supplement options, **NutriVerus** powder is the answer.

NutriVerus powder transcends modern supplementation by combining a whole-food matrix of glyconutrients with plant- and food-sourced vitamins and minerals and antioxidants all within a base of phytonutrients from stabilised rice bran and organic fruits and vegetables. With NutriVerus, you can enhance your meals and overall nutrition with the most natural, food-sourced ingredients; the best of Mannatech's technologies; and the most innovative science in one single, affordable and effective product that can be taken with food or drink.

Simply put, NutriVerus provides the natural and food-sourced vitamins, minerals, antioxidants, glyconutrients and phytonutrients your body craves in a whole-food matrix the way your body wants it. This whole-food blend:

Supports **cell-to-cell communication** through a blend of specific plant saccharides including **glyconutrients**.

Offers **antioxidant support** through mixed carotenoids, vitamin C, vitamin E, selenium and zinc, and **immune system support** through vitamins A, B<sub>6</sub>, B<sub>12</sub>, C, D and E; folic acid; iron; zinc; copper and plant fibres.

Supports **brain health** through vitamins A, C and E as well as the B vitamins.

Helps protect your **cardiovascular system** through vitamins B<sub>6</sub>, B<sub>12</sub>, folic acid and calcium.

Supports **healthy digestion** through plant fibres, aloe gel powders, arabinogalactan and *Undaria*.

Helps your body maintain **energy levels** through the B vitamins and magnesium.

Provides a natural, food-sourced vitamin/mineral complex for **increased absorption**.

By delivering our real-food glyconutrient and vitamin/mineral technologies in a nutrient-dense food base of stabilised rice bran and organic fruits and vegetables, we've actually created an environment for nutritional synergies to occur, increasing the activity of the individual nutrients within your body. It's nutrition the way your body wants it.

NutriVerus	Product Number	Member Price	Associate Price
Bulk, 150 g	34317	R620	R590
