▼ **About Phyt•Aloe capsules**

Eating green foods like brussel sprouts and cabbage can be hard, but we know they are good for us. Recent local research reveals that on average Australians need to increase their intake of vegetables to include between 5-6 daily serves of a wide variety of types and colours. Guidelines also recommend two serves of fruit per day.

With Mannatech's Phyt•Aloe capsules, eating your greens is so much easier.

What Should I know about **Phyt•Aloe** capsules?

- Suitable for vegetarians.
- Convenient and economical.
- Super sized greens in a capsule.
- No preservatives or synthetic colourants.
- No sugar, starch or chemical stabilisers.
- Exclusive formulated nutrition technology.
- Highest quality ingredients.
- Manufactured in a TGA approved facility that adheres to the highest Good Manufacturing Practices.
- 90 day, 100% Satisfaction Guarantee.

How can I benefit from **Phyt•Aloe** capsules?

- The product is convenient and economical with its super sized green in a capsule.
- Patents ensure customers cannot access cheap and ineffective imitations of Phyt•Aloe capsules in the market.
- Phyt•Aloe capsules aid, assist or help in the maintenance or improvement of general well-being.

What Makes **Phyt•Aloe** capsules so unique?

Just 2 Phyt•Aloe capsules ramp-up your intake of essential “greens” giving you the benefits of nutrient-rich brussel sprouts, broccoli, cabbage and kale.

The formulated blend of 12 dehydrated fruits and vegetables is a great way to add those hard to eat greens to your diet and give your body the nutrition it needs.
