

## Team Mannatech

The Team Mannatech<sup>SM</sup> athletes are careful about what they put into their bodies; they include Mannatech supplements as part of their daily training regimens.

### Motivating and Inspiring

While virtually all members use Mannatech's Fitness Solutions - EM•PACT Pre-Workout Sports Drink<sup>®</sup> mix and SPORT with Ambrotose<sup>®</sup> capsules - before and after workouts, their primary goal is to leverage their own success and reputations to motivate audiences to try all of Mannatech's diverse wellness support products. Their purpose is to inspire people to be healthy, regardless of current physical condition or athletic experience.

The Team Mannatech Program - committed to the healthy lifestyle and serving as authentic role models for the "Wellness Generation."

## SPORT with Ambrotose<sup>®</sup>

### Assists post-workout recovery

Mannatech is at the forefront of the nutritional supplement industry with its research in, and development of, naturally occurring carbohydrate-based products (glyconutritionals). These plant-derived products are formulated to provide the nutrients your body uses to maintain good health and to assist with recovery after physical exertion.

After a workout, to support and aid muscle recovery, try Mannatech SPORT with Ambrotose capsules, a proprietary blend of herbs and herbal extracts designed to aid the body's natural recovery process. The SPORT with Ambrotose capsules contains the Ambrotose complex to support cellular communication and help maintain general well-being.

You don't have to immerse yourself in the rigorous conditioning program of a world-class athlete to enjoy the benefits of our SPORT with Ambrotose capsules. This unique product is designed to benefit different levels of activity for all ages and levels of competition—from a stroll in the park to marathon runners it meets the demands of today's active lifestyle. The SPORT with Ambrotose capsules are designed to help support the body's natural recovery process.
