For the purposes of this Income Averages Statement, the term "Business Builder" means Associates who ordered greater than or equal to 100 PPV, sold products and earned income from their sales and sales made by their downline organization.

All income is earned on the sale of Mannatech products. The term "Consumer Associate" means Associates who only ordered product and did not earn income. Consumer Associates benefit from buying Mannatech products at a discounted price for themselves and their families. Some Consumer Associates may retail Mannatech products to others; however, this income is not included in the table above.

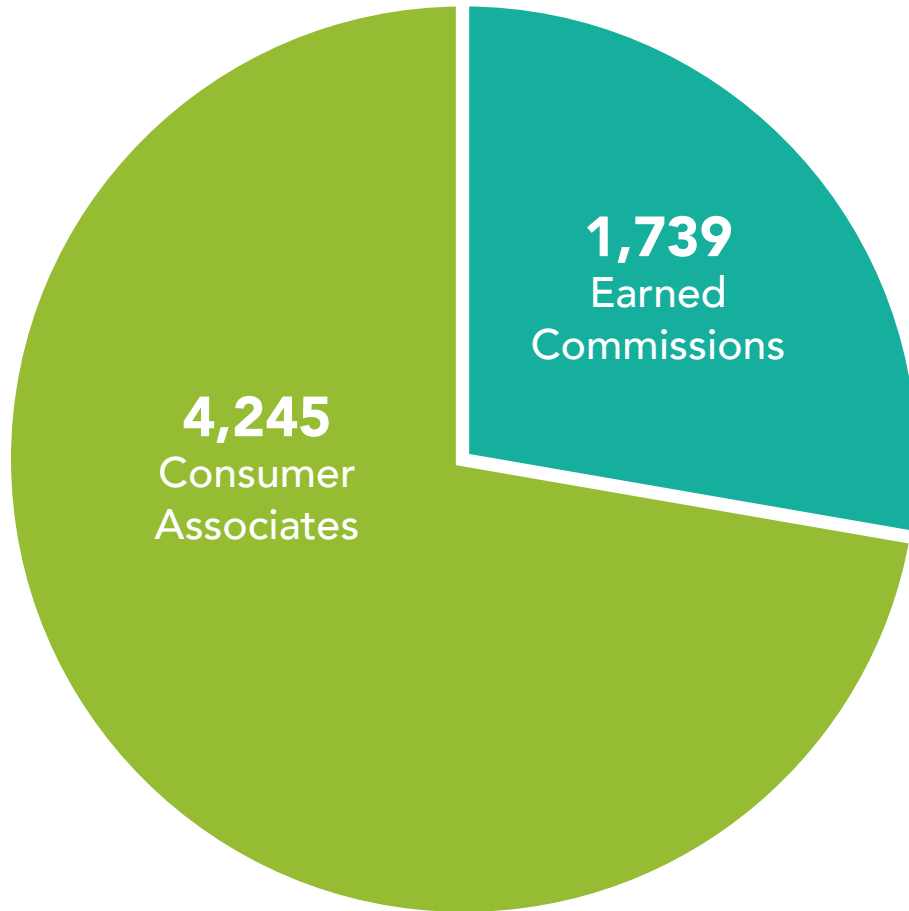

The figures above do not include any retail profit that an Associate may earn from selling Mannatech products to others. The figures above do not include expenses incurred by Associates in the operation and promotion of their Mannatech business. These expenses vary from Associate to Associate. By way of example, these expenses may include product samples, training, rent, travel expenses, telephone and Internet costs and other business-related expenses. The Associate earnings in the above chart are not necessarily representative of the income that an individual can or will earn through his/her participation in the Mannatech Career and Compensation Plan. These figures should not be regarded as a guarantee or projection of actual earnings. Actual earnings depend on your individual efforts, the customer base available to you and the time devoted to your business. These factors differ from Associate to Associate.
