MANNATECH COMPENSATION PROGRAM

Mannatech, Incorporated's ("Mannatech") Compensation Plan is designed to provide financial opportunities for both business builders and starters. This unique Compensation Plan offers a wide range of bonus opportunities that financially reward Associates in direct proportion to their efforts in building both a Mannatech customer base and a sales organization.

This new Compensation Plan reflects Mannatech's commitment to equitable compensation, personal and professional growth and the development and use of business building tools to build and maintain a successful business.

Through multiple income streams, Associates are rewarded for their acquisition of consumers as well as their ability to develop and train other leaders to do the same. Approximately 41.1% of the funds Mannatech receives for all products sold are paid as bonuses through the Mannatech Rewards Program. The plan provides six (6) distinct methods of earning, and to get the most benefit, it is important to understand how to build and train an organization to capitalize on each of them.

NEW PLAN TRANSITION

The transition phase for the new Compensation Plan is July 1, 2017–December 31, 2017. In January 2018, there will be slight increases in qualification requirements (Personal Point Volume, Group Point Volume and active legs).

BUSINESS TERMINOLOGY

Terminology and abbreviations used throughout this document are defined in the Glossary. If you need additional explanation about any aspect of the Compensation Plan, please contact the Associate enrolling you or contact the Customer Service department.

MANNATECH COMPENSATION PROGRAM FEATURES

- Professional business and product training opportunities.
- Bonuses calculated and paid directly by Mannatech.
- Simple, competitive compensation plan that incentivizes proper behaviors to create a long-term, profitable and sustainable business while encouraging business builders to:
 - Be a product of the product.
 - Expand their Associate team.
 - Create volume and sales.
 - Develop leaders.
 - Service and retain Associates and customers.

PERSONAL PRODUCTION REWARDS

Personal Production Rewards offer you a number of ways to earn commissions directly from the sale of Mannatech products. These bonuses provide immediate income to Associates for product and bundle sales to all direct retail customers, Preferred Customers and Associates. There is no requirement to purchase a Value Bundle to become an Associate or earn any level of compensation.

Retail Profit

Associates may purchase products from the company at Associate cost and then resell these products to their customers at retail prices. Your retail profit will be the difference between the Associate cost and the retail price. The retail Customer Volume will contribute to the Power Seller Bonus discussed on the next page.

Direct Retail Customers

Associates can refer customers to Mannatech's online store to place retail product orders directly with the company. Give the customer your account number. The customer can then place a product order at the retail price, and the company will ship the product directly to them. As an Associate, you will earn your bonus based on the difference between the retail price and Associate price of the total product order.

RENEWALS

Associates must renew their accounts annually. Associate's anniversary date is the original application enrollment date. Mannatech sends renewal notices prior to the Associate's anniversary date. Associates must renew their accounts within 90 days following the expiration of the anniversary date. Non-Renewed Associates are not eligible to earn commissions or participate in Mannatech's incentive programs.

LEADERSHIP BONUSES

Customer and Organizational Bonuses reward Leaders as they build their business by increasing product sales from customer orders and by developing other Leaders. Whether Leaders move up the Leadership Bonus ladder quickly or over a more extended period—as Leaders reach higher Leadership Ranks—they can earn greater long-term income on their total group sales. To participate in the leadership portions of this plan, you must first be a Qualified Associate. You will earn various percentages for the depth of your organization. Leadership Bonuses are paid for product sales generated in the Leader's downline organization.

NOTE: Building a business takes time and hard work. All commissions and bonuses are earned through the sale of Mannatech products. Mannatech does not guarantee the amount of income or incentive rewards, if any, that an Associate participating in the Mannatech business will generate. As with any business, each Associate's business results may vary and will be based on, among other factors, the Associate's effort and skill, the customer base available to him or her and the time devoted to the business.

CUSTOMER AND ORGANIZATIONAL REWARDS

CUSTOMER BONUSES

Mannatech offers Associates the opportunity to earn income generated from product sales through an organization that can be expanded worldwide by enrolling customers. Associates' income potential is based on two things—the depth and the volume of their organization. Stability comes from having regular product orders every month. Automatic Orders are an important part of building and maintaining an Associate's Mannatech business.

POWER SELLER BONUS

Personal Point Volume (PPV) is required to earn customer commissions based on Commissionable Volume (CV). The Power Seller Bonus is a three (3) tiered PPV commission that pays from 5%–15%.

How the Power Seller Bonus Works

Tier 1: If the sum of your monthly Customer Volume plus your own personal purchases is equal to or greater than 150 Personal Point Volume, then you earn a 5% Power Seller Bonus on the total CV. (This includes your own purchases).

Tier 2: If the sum of your monthly Customer Volume plus your own personal purchases is equal to or greater than 500 Personal Point Volume then you earn a 10% Power Seller Bonus on the total CV. (This includes your own purchases).

Tier 3: If the sum of your monthly Customer Volume plus your own personal purchases is equal to or greater than 1,000 Personal Point Volume, then you earn a 15% Power Seller Bonus on the total CV. (This includes your own purchases).

Power Seller Bonus*	Tiered Customer Commissions Based on Customer Volume
Tier 1: 150-499 PPV	5% Power Seller Bonus
Tier 2: 500–999 PPV	10% Power Seller Bonus
Tier 3: 1,000 or more PPV	15% Power Seller Bonus

^{*}Includes your personal purchase(s) plus your Customer Volume.

AUTOSHIP QUALIFIED (AQ) PERSONAL BONUS

The Automatic Order program is optional and not a requirement to participate in any aspect of the Mannatech Leadership Qualification and rank advancement. Having your customers on Automatic Order helps maintain both the depth and volume within the Associates' organizational structure. A customer with a 100 PPV (or more) Automatic Order is referred to as being AutoShip Qualified (AQ). An Associate with five (5) AQ customers can receive a \$75 AQ Personal Bonus.

AQ TEAM BONUS

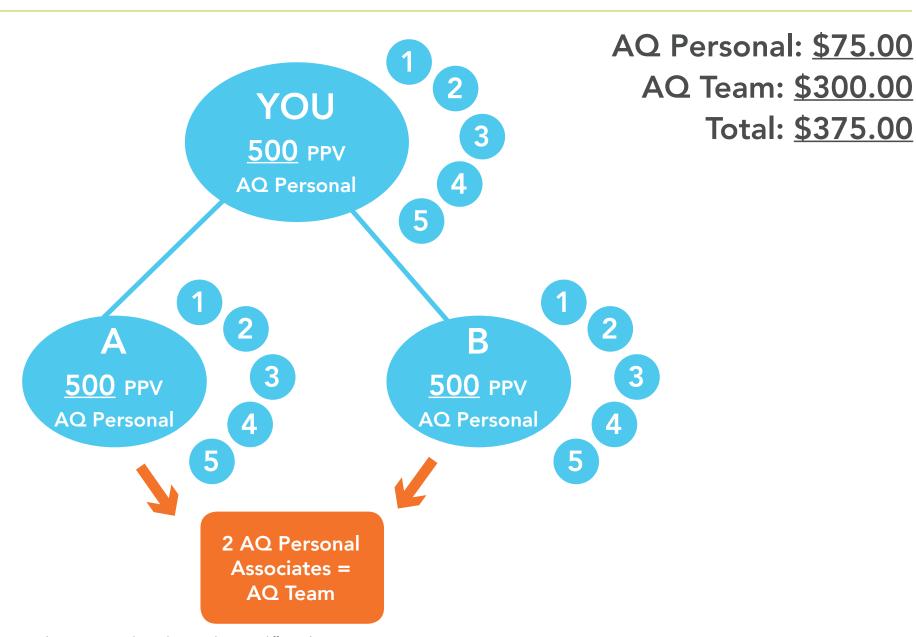

An Associate earning the AQ Personal Bonus can qualify for a \$300 AQ Team Bonus by enrolling two (2) Associates who achieve AQ Personal status. Associates can earn only one AQ Team Bonus every month.

How AQ Bonuses Work

- AQ Bonus is paid every month.
- To be Personal Qualified, an Associate must have a minimum of five (5) AQ customers.
- To Earn the AQ Team Bonus, Associates must have two (2) Associates who have achieved AQ Personal status.

Bonus Type	AQ Customers (Min 100 PV each)	Per Month Payment
AQ Personal	5 AQ Customers.	\$75
AQ Team	 You must be AQ Personal Qualified. Enroll 2 Associates who achieve AQ Personal requirements. 	\$300

AQ TEAM BONUS EXAMPLE

FIRST ORDER BONUS

The First Order Bonus (FOB) pays 15% commission on the price paid for the product Value Bundle. A Value Bundle can become an Automatic Order. No Personal Point Volume is required to earn the First Order Bonus.

The FOB pays to the Enroller for a Value Bundle purchased within 30 days of the new Associate's enrollment date. (CV is equal to 60% for all additional commissions on first order.)

Full CV is applied to all Value Bundles purchased after 30 days of enrollment. No FOB is paid for these orders.

UNI-LEVEL BONUS

The Uni-Level Bonus is an income stream based on the volume of products your organization sells.

How the Uni-Level Bonus Works

To be eligible to qualify for the Uni-Level Bonus, Qualified Associates must achieve the required Downline Point Volume for the month. Associates can earn a bonus on the amount of product sales from Associates in their downline organization each month through the Uni-Level Payout Bonus. The percentage of the CV of products sold is paid to Associates for levels 1, 2, 3, 4, 5, 6 and 7 of their organization. The percentage paid for each level of depth is dependent on the Leadership level an Associate has achieved.

- Pays on all product sales in a Leader's organization through seven levels of depth.
- Compression is applied.
- Has no width restrictions.

	SA	GA	D	SD	GD	ED	SED	GED	PD	BPD and above

BIG LEG INFINITY BONUS‡

The Big Leg Infinity Bonus pays a 1% bonus for EDs through BPDs on all CV below their Uni-Level percentages, originating from the strongest leg. The strongest leg is defined as the leg with the most DPV. The percentage Leaders receive is based on their Leadership Rank for the month. Other Leaders with the same or higher Leadership Rank will not block Leaders from receiving their payout. However, a company cap does exist.

- Paid to ED starting on level 6 and below.
- Paid to SED and GED starting on level 7 and below.
- Paid to PD and BPD starting on level 8 and below.
- Strongest leg determined by having the most DPV among the total number of legs.

LEADER CHECK MATCH[‡]

Leaders who achieve SED and higher will receive a matching check bonus on their downline Executive Directors and higher. The Leaders will earn a corresponding percentage (see chart) of the matching leader's Uni-Level and Infinity Bonuses.

How the Leader Check Match Bonus Works

- The number of generations paid to Leaders depends on their downline's Leadership Rank.
- Leader Check Match is paid through the line of sponsorship in each leg.
- If a downline Leader is not SED or higher, that Leader is not considered a generation in that qualifying month.
- The percentage of Leader Check Match paid correlates with the Leadership Rank of the downline Leader and applicable generation.
- A cap (a maximum limit) is applied per downline leader.

GLOBAL POOL BONUS‡

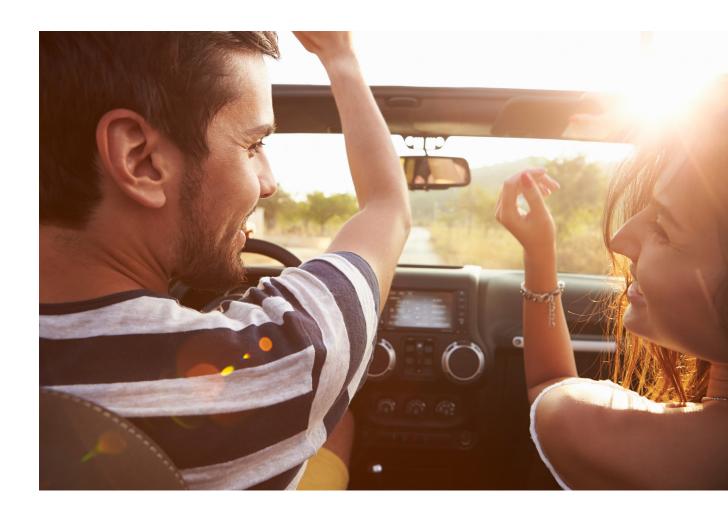

The Global Pool Bonus is derived from 1% of Mannatech's global finished product sales. The Global Pool Bonus pays on all qualified and active SPDs and above. This pool pays out monthly. To qualify for the pool, Leaders must maintain Leadership Rank for three consecutive months. Activity is determined by consistently growing the downline organization. Shares awarded to each participating Leader are based on the Leader's paid rank for each month. Each SPD or above will be paid the share value multiplied by the number of Leader legs each has achieved.

Please refer to the table for specific share assignments.

Leadership Rank	Shares
Silver PD	1
Gold PD	1.5
Platinum PD	2
1* Platinum	2.5
2* Platinum	3

QUALIFICATION PERIOD

The plan requires that Associates meet their requirements for their rank each month. The company operates on a 12-month yearly calendar.

RETURNS, REFUNDS AND CANCELLATIONS

All returns and cancellations of product orders will not count toward qualifications or commissions. Commission overpayments resulting from returns, refunds and/or recalculations may be deducted from future commissions, or they may be deducted from the pools prior to the commission runs. The company may also withhold future commissions or bonuses in the event a Value Bundle for which you have already been paid a commission or bonus is returned.

Please refer to policy number 5.13 in the Associate Policies and Procedures for complete rules on returns, refunds and cancellations.

FACTORING

Factoring may occur when global consolidated compensation exceeds approved payouts.

All payments under the global Compensation Plan are subject to and may be limited by the following conditions: There will be a cap (or maximum pay-out amount) on all commissions, bonuses and other compensation (cumulatively "Potential Commissions") to qualifying Associates during a commission cycle equal to 41.1% of the global net commissionable sales revenue the company receives during a commission cycle (the "Maximum Payout Amount"). Should the global Potential Commissions exceed the Maximum Payout Amount, the company will reduce commissions ("factor") proportionately in order to equal the Maximum Payout Amount.

Ambassador Program

By signed acknowledgment, Associates reaching the Presidential Leadership level are entitled to receive Presidential bonuses, recognition and other benefits. Participation in the Presidential Ambassador Program is subject to the Presidential Associates' adherence to the terms and conditions set forth in Section 4.9.8 of the Presidential Director Ambassador Program ("Ambassador Program") of the Associate Policies and Procedures.

To avoid delays, all Automatic Orders must be created or modified five days prior to close of qualification period.

The Mannatech Career and Compensation Plan is designed to maximize each stage of business growth. Through multiple income streams, Associates are rewarded for their efforts on initial business development and sales. The plan provides a variety of distinct methods of earning income.

Commissionable Volume (CV)

Commissionable Volume is a set value associated with each Mannatech product or bundle. Generally, Commissionable Volume will vary from 75–95% of the Associate/Preferred Customer price. There is NO other use or application for CV.

DPV consists of an Associate's Personal Point Volume (PPV) plus volume from their entire downline organization.

Enroller

The Associate who is listed on the Associate Application and Agreement as the Enroller. The Enroller and the Sponsor may be the same person, or the Enroller may place the new Associate under a different Sponsor in their organization.
