

# Earn Free Product with Mannatech's Loyalty Program

U.S. Products Shown

## Loyalty Has Its Perks!

It's easier than ever to receive all of our remarkable products at the lowest prices every month. Simply set up a monthly Automatic Order (AO) and start earning rewards!

## Program Perks Include:

- Never run out of your **favorite products**.
- **Increasing Loyalty Points** for Associates with monthly AO.

**One Loyalty Point** = one dollar towards the purchase of products. Points are not redeemable for cash.

## Here's How It Works for Associates:

Let's say, for example, you place a monthly \$100 Automatic Order:

Some Promotional Product offerings accrue a maximum of 10% Loyalty Points when noted.

Once you've achieved a 20% point accrual, maintain your status with a monthly AO to continue earning points and redeeming them for free products!

## Here's How It Works for Preferred Customers:

Automatic Orders accrue a maximum of 10% Loyalty Points per month.

## Rules and Regulations:

During your first three months, an AO must generate each month for you to retain your earned points. Starting in month four, you'll be eligible to either redeem or save those points. If you miss an AO, your earning percentage will reset to 10%. However, you will keep any points you've retained from the first three consecutive months and beyond. The Loyalty Program FAQs can be found at: [library.mannatech.com/9006](http://library.mannatech.com/9006).

**GET STARTED TODAY!**

If you don't have an Automatic Order, log in to your account at [mannatech.com](http://mannatech.com) and create one. Or call us at 1-800-281-4469 (U.S.), or 1-866-717-2175 (CA) to start earning points now!

For distribution in the U.S. and Canada only.

If the Associate cancels their AO, their next AO will return to 10% and the tiered process will start over again. Points previously accumulated can still be redeemed. Loyalty Points are not the equivalent of cash and may only be used for product and expire one year after the earn date. Amounts shown are in U.S. dollars and are based on Associate and Preferred Customer prices.
