

LOYALTY PROGRAM SUMMARY

We've Doubled Your Rewards for Being on Automatic Order!

Not only does our Automatic Order program keep you stocked with your essentials for health, it saves you money!

We've found a way to reward you even more for your commitment to your wellness! It's called the Mannatech Loyalty Program, and it's your ticket to earning points when you automatically receive products.

What's the Mannatech Loyalty Program?

With every purchase you make on Automatic Order, you'll earn Loyalty Points that equal 20% of your order. They'll accumulate every time you generate an Auto Order and can even be used to redeem free product!

Here's How It Works: Let's say you place an Auto Order for \$100 for three Business Periods in a row.

You can now redeem those points for \$60 worth of free product (like NutriVerus™ powder).

Pick a product you already love, or try a new one. It's up to you!
