

Omega 3 with Vitamin D₃ capsules

Inspired by Real Food Technology solutions, our Omega-3 with Vitamin D₃ capsules provide the essential fatty acids your body needs to maintain good health, especially brain, heart and bone health.

FACTS

DHA contributes to the maintenance of normal vision.

EPA and DHA contributes to the normal function of the heart.

Vitamin D contributes to normal absorption and utilisation of calcium and phosphorus.

Vitamin D contributes to the maintenance of normal bones and teeth.

Vitamin D contributes to the normal function of the immune system.

A fat your body needs

There are good fats and bad fats, but omega 3 fatty acids are a fat that you absolutely must have. Did you know that adding omega 3 to your diet has been identified as one of the 12 modifiable behaviours that can contribute to increased longevity? Doctors, scientists and nutritionists all agree: omega 3 is crucial for wellness. No wonder it's a best selling supplement!

Omega 3 is considered essential because the body can't produce it – you can only get it from diet or supplements. Mannatech's Omega 3 with Vitamin D₃ capsules are the best choice with;

Over 1000 mg of highly concentrated EPA and DHA per serving.

Made from one of the highest-quality fish oils available, for ultra-purity.

Pleasant orange flavour in an easy to swallow gel capsule.

Contains 4 mcg of Vitamin D₃, a natural and preferred source of vitamin D.

Recommended use:

Capsules: Take two capsules daily with 250 ml of water or other liquid.

60 Capsules
