## ▼ About OsoLean\* whey protein powder

OsoLean powder is backed by scientific studies and it works! Clinical studies have showed participants lost more fat and maintained more lean muscle mass using OsoLean than calorie-controlled diet and exercise alone. One study showed that supplementation with 2 servings/day of OsoLean in overweight individuals for 8 weeks resulted in a decrease in waist circumference. Subjects also reported better appetite control and energy levels. Are you losing it? Lose it in all the right places! Lose the fear, lose the doubt and lose the centimetres. Lose what is holding you back!

*\*Osolean powder should be used in conjunction with a reduced kilojoule diet and proper exercise*

OsoLean powder is an all natural supplement which includes whey protein and calcium shown in scientific studies to support weight reduction while maintaining lean muscle. Mannatech OsoLean powder uses an exclusive ground-breaking peptide technology so that you see the centimetres disappearing from your waist, hips, chest and thighs – for real!

## Ingredients

Whey protein complex, emulsifier (soy lecithin) Contains soy and milk.

OsoLean contains naturally occurring magnesium and phosphorus from whey powder and typically provides between 20 mg – 25 mg of magnesium and 101 mg - 126 mg phosphorus per each 12.2 g serving. Contains 10g of protein per serving or 82g of protein per 100g serving.

### Recommended Use:

ADULTS: Mix **2 SCOOPS** (12.2g) in **250ML** of liquid. Try having OsoLean powder 20 minutes before breakfast and dinner. For weight management, use in conjunction with a kilo-joule reduced eating plan such as Mannatech's OsoLean Plan. **USE ONLY AS DIRECTED.**

**NOTE:** Do not use if inner seal is missing or broken. Keep out of reach of children. Keep bottle tightly closed. Store in a cool, dry place.
