GLUTEN FREE

REAL FOOD TECHNOLOGYSM SOLUTIONS
plant and/or food sourced

▼ About Ambrotose AO

Antioxidants are an essential part of our diet and important for maintaining health. Mannatech's Ambrotose AO product is a powerful, advanced formula that offers over 2 ½ times more antioxidant protection than five servings of fruits and vegetables.

What Should I know about **Ambrotose AO capsules**?

- Based on Exclusive, patented nutrition technology
- Highest quality ingredients.
- Product of Australia.

How can I benefit from **Ambrotose AO capsules**?

- Ambrotose AO capsules can scavenge both fat and water soluble free radicals.
- Provides real protection from the harmful effects of oxidative stress, poor diet and environmental factors.
- Protects cells against oxidative stress
- Supports Normal Immune Function.

What Makes Ambrotose AO capsules so unique?

Research shows that one Ambrotose AO capsule twice daily increases the body's oxidative stress protection by 37.4%.[†] Measured with a validated marker of blood serum oxidative stress, the results show that Ambrotose AO capsules provide over twice the increase in oxidative stress protection achieved from eating an additional five servings of fruits and vegetables each day.
