

Ready to Get Back Into Your Favorite Jeans?

Can't remember the last time you liked yourself in pictures? Or were able to button up your pants without a struggle? Like many, you may look to crash diets to shed the unwanted pounds. But the problem with crash diets and other "quick fixes" is that you lose water but not fat, which is the key to a healthy body composition. Add unhealthy, convenient fast food choices into the mix, and you have an endless loop of gaining and losing weight yet never keeping it off.

If this cycle sounds familiar, you're not alone. Millions of people struggle with their weight in today's fast-paced, super-sized culture. And although good nutrition, rest and exercise are crucial to a healthy lifestyle, not many are able to maintain that balance because of stress and hectic schedules. So how can you lose fat and keep it off the healthy way? Mannatech has the answer.

It's Easy with OsoLean Powder:

2 scoops OsoLean powder 2x daily,
minus 500 calories,
plus 30 minutes exercise

= A Leaner, Healthier You.

10½
INCHES
LOST*

"I'm down to the weight I was at
my wedding — 38 years ago!"

— John Alexander, Mannatech Associate

Being Lean Never Felt So Good.

If your weight is keeping you down, Mannatech's innovative and science-backed OsoLean powder can help you lose inches so you'll be back to your personal best before you know it. It's a reliable, naturally sourced solution that works to help you lose fat while sparing lean muscle. And it's formulated with a specialized whey protein designed to ensure optimal fat loss. Ready to get back to your ideal you? Try OsoLean powder; it can help!†

* Individual results may vary. Participants in a 12-week study conducted independently of Mannatech, Incorporated consumed a drink mix that contained the same peptide blend as OsoLean powder and also reduced their daily caloric intake by 500 calories. Participants experienced an average weight loss of 3.82 kg (8.4 lbs) and average waist circumference loss of 6.22 cm (2.4 in.).

†The OsoLean powder should be used in conjunction with a programme of reduced caloric intake and increased physical activity.

Enriching quality of life™

About OsoLean Powder

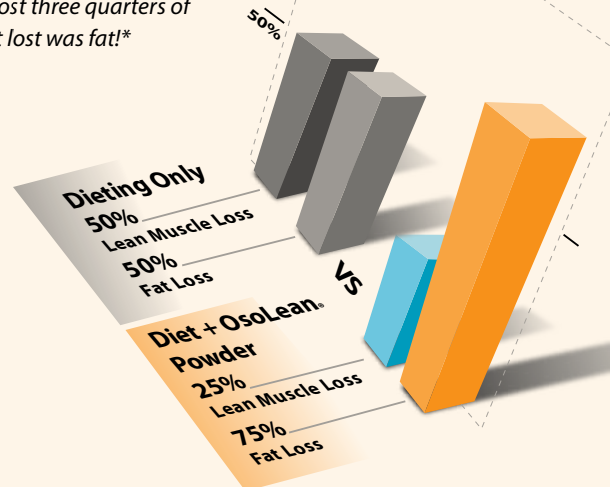

- Naturally sourced ingredients
- Advanced protein peptide technology
- Rich in calcium and protein
- No fillers, sweeteners or synthetic additives
- 100% Satisfaction Guarantee[‡]

There's nothing scientific about reaching your goals. But there is a lot scientific about how OsoLean powder can help you get there.

The advanced, proprietary technology in OsoLean powder that selects specific whey peptides to blast body fat is proof that the science behind our fat-loss solution really does work! You can rest assured that there are no fillers, sweeteners or synthetic additives in OsoLean powder, so you're getting totally naturally sourced nutrients in each scoop. Plus, it's clinically proven through a double-blind, placebo-controlled study, ensuring safe, healthy results.
